

MIXED REALITY OBSERVER (MiRO)

Create high-quality, third-person, mixed-reality photos and videos!

Valorem's MiRO capture solution records high-quality, third-person point-of-view photo and video captures of your HoloLens apps for viewing on 2D devices. Our turn-key production system includes:

Complete rig & software components

On-site consultation and assistance

Custom fabricated polycarbonate bracket

1 year free software updates

MiRO makes it possible for your marketing and sales teams to leverage your mixed reality apps on your website, social media and other 2D channels! You can see examples of MiRO in action in Microsoft's [#MakeWhatsNext](#) campaign.
